

Reading Response #2
Due Session 4

All four of the narratives that you are reading for Session 4 explore the relationship between doctors and patients. As you read each narrative, try to figure out the writer's motive in writing. What question or concern did he or she want to explore? How can you tell? Why choose a narrative form?

Choose one of the narratives assigned for Session 4 and write up a coherent response to the above series of questions (c. 300 words). Be sure to include evidence from the narrative.

Remember to complete the second exercise as well (Narrative essay kernel & motive).
