

I decided that I wanted to travel from Columbus, Oh to Reno, Nevada for the Burning Man festival. So determined I placed an ad on the internet for a traveling partner. A 46 year old man from Cincinnati, Oh replied. Our truck broke down 4 times on the way out there. He was psychotic. I was 19.

I was a tap dancer for 12 years. I always dreamed of leaving my small Ohio town for Broadway.

As a sophomore in high school, my hair was every shade of red you can imagine. In two years it was brown again.

I blew out my brother's birthday candles every year until he was 5 years old.
