

## Assignment 2

In Assignment 1, each of you came up with some attributes that you felt were intrinsic to Deep Engagement. In this assignment you should work with at least one other class member to graph these attributes. Show how different types of experiences might fit into this space.

Currently different companies have devised different approaches to rank experience. (<http://www.gamerankings.com>; <http://www.rottentomatoes.com>, <http://www.amazon.com>, <http://www.tradesports.com>) Do you use any of these sites to find experiences you wish to have or to contribute to common knowledge about these experiences? If so, why? If not, why not?
